PROFESSIONAL SUMMARY

Commercial and business development leader with 20+ years of hands-on experience identifying opportunities, developing markets and converting commercial ideas into execution and measurable results across Kuwait, UAE and Egypt. Experience spans sales leadership, international business development, market expansion, strategic partnerships, commercial operations, customer relationship management and complex negotiations. Proven ability to move initiatives from market research and business-case development through executive approval, negotiation, implementation and ongoing commercial management.

SELECTED COMMERCIAL IMPACT

- **International Expansion & Cost Optimization:** Initiated and led Al Zummorda Jewelry's expansion into Dubai, from market study and business-case development through office acquisition, fit-out and licensing in Gold Tower; the initiative reduced annual customs-related costs by approximately KWD 100,000 and strengthened direct access to international suppliers.
- **Strategic Business Development:** Originated and drove an exclusive Kuwait agency agreement with a major Saudi jewelry group operating 72+ branches in Saudi Arabia and three major wholesale stores in Dubai, leading the opportunity from concept and relationship development through final agreement.
- **Nationwide Sales Performance:** Ranked #1 among the top 10 sales performers across Allianz Egypt following a six-month performance campaign, earning selection for the company's fully sponsored recognition trip to Brazil.
- **Leadership & Execution:** Held formal executive authorization to directly manage a 44-person workforce at Al Zummorda across sales, HR and administrative operations, including store managers and expenditure approvals before final authorized sign-off.

PROFESSIONAL EXPERIENCE

Commercial Director - Defense & Security Department

United Gulf Enterprises General Trading & Contracting Co. W.L.L. (UGETCO) | Kuwait | Dec 2024 - Present

- Lead commercial and business development activities for government and institutional opportunities, combining market opportunity identification, customer requirements, international partner sourcing and commercial execution.
- Manage opportunities end-to-end: analyze requirements, identify suitable international manufacturers and solutions, obtain and evaluate quotations, negotiate commercial terms, coordinate technical-commercial proposals and manage tender submissions.
- Coordinate internal management, finance and operational stakeholders with external manufacturers, suppliers and government customers, maintaining follow-through from initial opportunity through negotiation, documentation, logistics and delivery coordination.
- Build international supplier and partner relationships while working across specification-driven products and complex multi-stakeholder procurement environments.

Sales Officer & Insurance Consultant

Allianz Egypt | Egypt | 2016 - 2020

- Entered insurance sales from a different industry, rapidly developed product knowledge and a consultative selling approach centered on customer needs, affordability, transparent product comparison and tailored solutions.
- Consistently exceeded individual performance targets, regularly delivering approximately 60K+ against a standard target of about 30K and reaching approximately 120K during the six-month nationwide performance campaign.
- Ranked #1 nationwide in the six-month campaign and became a trusted peer resource within an 18-person team, supporting colleagues with customer situations, system use, sales execution and target achievement.
- Earned management trust beyond formal title, regularly accompanying the team manager to wider management meetings and contributing to team performance discussions and execution.

Office Manager

Al Zummorda Jewelry | Kuwait & UAE | 2013 - 2016

- Held formal executive authorization for direct management of 44 employees across sales, HR and day-to-day administrative operations, including store managers and approval of expenditures before final authorized sign-off.

- Initiated the company's Dubai market-entry project after independently studying the jewelry trade, supplier ecosystem and operating model; developed the business case, secured ownership approval and led acquisition, fit-out and licensing of the Gold Tower office.
- The Dubai initiative reduced annual customs-related costs by approximately KWD 100,000 while strengthening the company's cross-border operating position and direct access to suppliers delivering through Dubai.
- Coordinated sales, procurement and Kuwait-UAE branch operations while working directly with executive management.

Sales Manager

Al Zummorda Jewelry | Kuwait | 2006 - 2013

- Led sales performance and customer relationship development, introducing target-based incentives and monthly competition between stores, with separate recognition and bonuses for store managers and sales staff to strengthen motivation and sales performance.
- Originated and followed through an exclusive Kuwait agency opportunity with a major Saudi jewelry group operating 72+ branches in Saudi Arabia and three major wholesale stores in Dubai, from initial proposal and executive engagement through final agreement.
- Modernized marketing activity by introducing professional model-based product photography and expanding promotion across social media and outdoor advertising to strengthen brand visibility and support sales growth.
- Built hands-on market intelligence through continuous engagement with Kuwait's jewelry trade and participation in international exhibitions, translating customer preferences and emerging trends into coordinated product-selection recommendations.
- Represented the business through international exhibitions and commercial activity in Hong Kong, Malaysia, Singapore and frequent business travel to Dubai.
